Medical Policy

Should a student become ill during the IASP and be unable to keep up with the scheduled activities, he or she will be encouraged to notify a member of the IASP staff. The staff member will provide the student with the options available for medical attention. All security staff members are certified in CPR, AED (Automated External Defibrillator) and basic first aid. Should a student need to see a medical professional, he or she will be taken to an emergency room or urgent care facility. IASP staff members are not licensed to dispense medical care beyond Basic First Aid, but they are trained to assess if further medical attention is required and are prepared to make sure students receive the medical attention they need from the appropriate resource. As part of the Medical Authorization Form, we have the ability to provide some over-the-counter medicines, such as Tylenol, Advil or Benadryl, if appropriate.

Visititation

Due to a very busy schedule, visits with friends or relatives during the IASP will not be allowed.

Rooming assignments

Rooms and roommates are randomly assigned, unless a roommate request was completed during registration. Random assignments are done to give the students the opportunity to get to know peers from other areas of the country or the world. The room assignment is established separately for boys and girls, mixed rooms are prohibited. We strongly believe that students will gain a significant leadership development opportunity from learning from and about others.

Student code of conduct

Students represent their schools, states and countries. All students are expected to abide by the Student Code of Conduct they received as part of their Registration Process, uphold Summit rules and conduct themselves in a manner that will continue to make their families proud. Any student who violates the Student Code of Conduct will be subject to appropriate disciplinary action, up to and including dismissal from the forum.

Student dress code

All students must abide by the IASP dress code. For a complete list of rules, please refer to “What is the Dress Code?” under ‘Frequently Asked Questions’ on the IASP list.
